DETAILED ACTION

Information Disclosure Statement

1. Acknowledgement is made of the Information Disclosure Statement filed November 15, 2003, which has been made record of and placed in the file.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Kris Frederick on November 11, 2004.

The application has been amended as follows: Applicant's claims have been renumbered and there are now 22 claims opposed to 20 claims.

Allowable Subject Matter

3. The following is an examiner's statement of reasons for allowance: The references cited have failed to teach and to make obvious a sensor method and system comprising providing a film component that isolates the fluid from the heater and the

sensor, such that the film component conducts heat in a direction from the heater to the sensor, thereby forming a thermal coupling between the sensor, the heater and the fluid, which permits the sensor to determine a composition of the fluid by measuring thermal conductivity thereof without undesired losses of heat in other directions.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
